## The Journey

Blakemore's journey began in Perth, Western Australia, and took him clockwise around the country. He rode through all of Australia's states and territories, experiencing a wide range of landscapes and cultures. Along the way, he encountered friendly locals, faced mechanical challenges, and had some close calls with wildlife. But through it all, he never lost his sense of adventure.

One of the most challenging parts of Blakemore's journey was riding through the outback. The outback is a vast and unforgiving landscape, with few roads and even fewer services. Blakemore had to be self-sufficient and prepared for anything. He also had to contend with the extreme heat, dust, and flies.

But the outback was also one of the most rewarding parts of Blakemore's journey. He was able to experience the true beauty of the Australian landscape and meet some of the most interesting people he had ever met. He also learned a lot about himself and his own limits.
