By Ian Blakemore

Central America is a land of contrasts, where lush rainforests meet rugged mountains, pristine beaches meet vibrant cities, and ancient cultures meet modern societies. It is a region of extraordinary beauty and biodiversity, and one that has long captured the hearts and imaginations of travelers and nature lovers alike.

In his new book, ****Tropical Earth Central America****, Ian Blakemore takes readers on an enchanting journey through this incredible region. Through stunning photography and engaging prose, Blakemore captures the essence of Central America's diverse ecosystems, from the steamy jungles of Costa Rica to the cloud forests of Guatemala to the coral reefs of Belize.

Blakemore also introduces readers to the people of Central America, who have a deep connection to the land and its wildlife. He shares their stories and traditions, and explores the challenges they face in the face of environmental change.

****Tropical Earth Central America**** is a passionate and personal account of a region that is both beautiful and fragile. It is a book that will inspire readers to travel to Central America and experience its wonders for themselves, and to work to protect this precious part of our planet.

About the Author

Ian Blakemore is a wildlife photographer and conservationist who has worked in Central America for over 20 years. He is the author of several books on the region, including ****The Wildlife of Costa Rica**** and ****The Birds of Guatemala****. Blakemore is also a Fellow of the Royal Geographical Society and a member of the International League of Conservation Photographers.

Reviews

****Tropical Earth Central America**** is a stunning and inspiring book that showcases the incredible beauty and diversity of this region. Blakemore's photography is breathtaking, and his writing is both informative and engaging. This book is a must-read for anyone interested in Central America, nature, or conservation." - ****E.O. Wilson, Pulitzer Prize-winning author of **The Ants** and **Half-Earth****

"Ian Blakemore has captured the essence of Central America in this beautiful book. His photographs are a testament to the region's natural beauty, and his writing is a passionate plea for its protection. ****Tropical**

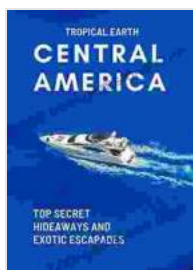

Earth Central America** is a must-have for anyone who loves nature and wants to learn more about this extraordinary region." - **Jane Goodall, PhD, DBE, Founder of the Jane Goodall Institute**

"**Tropical Earth Central America** is a love letter to one of the most beautiful and biodiverse regions on Earth. Blakemore's stunning photography and engaging writing will inspire readers to travel to Central America and experience its wonders for themselves. This book is a must-read for anyone who cares about the planet." - **Sylvia Earle, National Geographic Explorer-in-Residence**
